Personal Skills:

- Friendly, problem-solving, hard-working, open-minded.

Professional Experience in Web Development:

- Modern Tribe** (tri.be) – September/2021 to present
 - I'm a front-end contractor for Modern Tribe, a fully remote agency. We create digital products for top global companies. My role is to bring to life interfaces created by the design team, including animations and interactions, with keen attention to accessibility.
- Freelancer** (spadilha.com) – I've built over 150 websites using WordPress as the content management system. I build customized themes primarily for digital agencies and web designers. I work with ACF, WPML, custom post types and much more.
- Virtual Publishing House** – November/2009 to September/2011
 - I worked for over two years at VPH, a digital agency based in London – UK. I was responsible for the front end and integration with their ASP.NET content management system. We built websites for big brands such as Laphroaig, The Dalmore, Isle of Jura, Whyte and Mackay and Bacardi.
- HKL Interactive Media** (www.hkl.com.br) – March/2009 to October/2009
 - Employed as FED by this interactive media agency in São Paulo, developing websites for its client base.
- Café Azul Mídia Digital** – June/2007 to March/2008
 - Front-end developer intern at this digital agency in Juiz de Fora – Brazil.

October / 2022
